Attn: Manager/Owner**

Dear Friend,

On December 17th Justin and Ed came to my home to replace my bay window.

I was so impressed with their diligence, courtesy, attention to detail and conscientiousness. They worked in a professional manner and were attentive in completing their work until it was done.

The window looks beautiful and they made me feel confident that I would not have the problems I had with the first window and the company I dealt with. I will not hesitate to call your company for other future work and this is largely due to Justin and Ed, as well as to DiGiorgi.

**Sincerely,
Rosalie Hulette**
